Dear Pascale Colson,

Considering the internal confusion generated by the application of a new organization to become member of CCRUP and your comment on the meeting of 26th of October about the criteria established in our [Rules of Procedure](#), specifically in article 4 relative to the "Admission of new members", that it may not be in accordance with Regulation (EU) N°. 1380/2013 of the European Parliament and of the Council, of December 11, 2013, on the Common Fisheries Policy, on which our constitution and operating base is determined.

The president of the Executive Committee of CCRUP, Mr. David Pavón, asked me to hereby request the opinion of the European Commission about:

1. The establishment of an admission process for new members, whose criteria are in line with the current legal framework, hence, what legitimacy do we have to restrict the admission into our Advisory Council of a new member through our own procedures in our Rules Of Procedure?
2. Do you consider that any other articles of our Rules of Procedure may not comply with the european regulation?

Thank you for your collaboration.
Best regards,

Daniela Costa
